

Thornborough Children's Playground

- Officially opened 20th October 2017
- Group of parents and interested people on standing committee, Carol Lawrence, Kathryn Gevaux, Claire Morgan, Jean-Frederick Hunnay, Andy Spurr, Mary Taylor
- Initially we visited local playgrounds to see what had been done elsewhere
- We asked local children what they wanted. A questionnaire was sent to all children via the school
- We asked for ideas from companies producing playgrounds
- We decided to go with Kompan, they are an MK based company, as well as international
- Mia Lawrence and her mum were actually involved in the planning – they went to Kompan's offices and met the designers to discuss what the children of Thornborough wanted in their playground
- The project has been funded jointly by non-profit Wren's FCC Community Action Fund, Thornborough Parish Council and donations from village residents.
- Village groups have paid for and planted plants around the playground
- There will be boards on the back wall, as planned by the children, to set out the playground code
- One last task, a notice board.

Mary Taylor
